At Camplyft Aviation Academy, the DGCA CPL ground classes are led by highly qualified and experienced mentors. Our instructors have a combined total of 36+ years of professional experience and 20+ years of mentoring experience. Our instructors' experience has been crucial in shaping the CPL journey of many candidates over the years.

### Our mentors have worked with: AIR INDIA, INDIGO

### Commercial Pilot Licence Ground Classes

The Commercial Pilot Licence (CPL) is required for flying aircraft for commercial purposes and earning remuneration. CPL holders can work with leading airlines in the world as first officers or co-pilots. One of the major milestones in obtaining the CPL is clearing DGCA CPL theory exams.

At Wing Path Aviation Academy, we provide the best CPL ground training that helps you excel in the theoretical aspects of aviation and clear the theory exams.

### **Eligibility Criteria**

Completed 10+2 with Physics and Maths as core subjects.

Note: Candidates who have not done Physics and Maths at 10+2 level can undergo NIOS training to clear the core subjects.

At least 17 years of age.

Good command of the English Language.

Proven medically fit through Class 2 Medical Assessment by DGCA-approved medical examiner

### **Fee Structure**

Ground Class Package :- 2 Lakh + GST

Flight School Assistance will be provided in India / Abroad

One-time non-refundable fees of ₹ 5,000 must be paid to cover the cost of registration and the first 3 classes conducted. This fee would be adjusted with the final fee payment.
